GODINE

Pod francuskim predsjedavanjem u 2011 godini ministri finansija i guverneri centralnih banaka G20 nastavljaju rad na tekućim ekonomskim i finansijskim izazovima i dogovaraju se o načinu izvršavanja mandata koji su dobili od svojih lidera.

Under the French chairing in 2011, the G20 Finance Ministers and Central Bank Governors continue to address ongoing economic and financial challenges and to agree on a way forward to fulfil their mandates given to them by their Leaders.

COMMUNIQUE
FROM THE
MEETING OF
G20 FINANCE
MINISTERS AND
CENTRAL BANK
GOVERNORS,
PARIS, 18-19
FEBRUARY 2011

1. Mi, ministri finansija i guverneri centralnih banaka G20 sastali smo se danas da govorimo o tekućim ekonomskim i finansijskim izazovima i da se dogovorimo o načinu izvršavanja mandata koji smo dobili od svojih lidera.

2. Globalni oporavak jača, ali je još uvek neravnomeran i rizik pogoršanja ostaje. Dok najrazvijenije ekonomije doživljavaju skroman rast i upornu visoku nezaposlenost, nove ekonomije beleže robustniji rast, neke sa znacima pregrejanosti. Ponovo potvrđujemo svoju spremnost da obezbedimo konzistentan i koordinisan odgovor izazovima sa kojima se suočavamo, da rešavamo korenite uzroke krize i da obnovimo globalni ekonomski rast na solidnijoj osnovi.

3. Ponovo potvrđujemo svoju obavezu da koordinišemo akciju politike svih članica G20 na ostvarivanju snažnog, održivog i izbalansiranog rasta. Naše glavne prioritetne akcije obuhvataju primenu srednjeročnih planova fiskalne konsolidacije, diferencirane prema nacionalnim okolnostima, u skladu sa našim obavezama iz Toronta, sprovođenje odgovarajuće monetarne politike, jačanje fleksibilnosti deviznih kursa, da bi oni bolje odražavali osnovne ekonomske faktore i strukturne reforme, da bi održavali globalnu tražnju, povećavali potencijalni rast, podsticali stvaranje radnih mesta i doprinosili globalnom rebalansu. Diskutovali smo o ostvarenom progresu od Seuskog samita i naglasili potrebu za smanjenjem ekscenih neravnoteža i održavanje neravnoteža tekućeg platnog bilansa na održivim nivoima jačanjem multilateralne saradnje. Dogovorili smo se o skupu indikatora koji će nam dozvoliti da se usredsredimo, kroz integrisani proces od dva koraka, na one, naročito uporne, velike debalanse koji zahtevaju akcije. Da bi se učinio prvi korak, potrebno je da se dogovorimo, do našeg narednog sastanka u aprilu, o indikativnim smernicama prema kojima će svaki od tih indikatora biti ocenjen, uvažavajući potrebu da se uzmu u obzir nacionalne i regionalne okolnosti, uključujući velike robne proizvođače. Mada ne predstavljaju ciljeve, te indikativne smernice će se koristiti za ocenu sledećih indikatora: (i) javni dug i fiskalni deficit; privatne stope štednje i privatni dug (ii) eksterni debalans koji čine trgovinski bilans i neto tokovi prihoda od investicija i

transferi, uzimajući u obzir politiku deviznog kursa, poresku, monetarnu i druge politike. Isto tako smo usvojili dinamiku za razvoj akcionog plana za 2011. godinu koji će primeniti naš Okvir za snažan, održiv i izbalansiran rast i monitorisati već prihvaćene obaveze. Kao što je dogovoreno u Seulu, pozvali smo MMF da na našem oktobarskom sastanku pruži ocenu kao deo Procesa uzajamnog ocenjivanja (MAP) o progresu prema eksternoj održivosti i konzistentnosti politika. U to vreme ćemo pregledati izveštaj o MAP uključujući akcioni plan koji obuhvata analizu korenitih uzroka konstantno velikih debalansa na osnovu dogovorenih smernica. Isto tako ćemo pregledati ocenu progressa ostvarenog u ispunjenju obaveza uzetih u Seulu.

4. Međunarodni monetarni sistem (IMS) dokazao se kao otporan, ali ranjivosti ostaju, što stvara potrebu da se poboljša kako bi se obezbedila sistemska stabilnost, unapredilo redovno prilagođavanje i izbegle remetilačke fluktuacije kapitalnih tokova, nepravilna kretanja deviznih kursa - uključujući budnost razvijenih ekonomija čije su valute rezervne protiv ekscenih volatilnosti - i uporni pogrešni intervalutarni odnosi. Danas smo se dogovorili o radnom programu čiji je cilj jačanje funkcionisanja IMS, uključujući koherentne pristupe i mere za tretman potencijalnih destabilizujućih kapitalnih tokova, među kojima su makroprudencijalne mere, imajući u vidu moguće negativne efekte, kao i o upravljanju globalnom likvidnošću radi jačanja našeg kapaciteta da sprečimo šokove i nosimo se sa njima, uključujući pitanja kao što su finansijske sigurnosne mreže i uloga SPV - specijalnih prava vučenja. Ovo će zahtevati diskusije o pitanjima deviznih kursa i o jačanju nadzora MMF. Pozdravljamo diskusije na našem narednom sastanku u aprilu o izveštaju MMF o jačanju IMS i izveštajima Svetske banke i regionalnih razvojnih banaka na osnovu iskustva o akcijama za jačanje lokalnih kapitalnih tržišta i zaduživanja u lokalnoj valuti u novim ekonomijama i ekonomijama u razvoju. Pored toga, imaćemo koristi od rada OECD na kapitalnim tokovima i od doprinosa drugih relevantnih međunarodnih organizacija, kao što je UNCTAD.

5. Diskutovali smo o brizi za posledice

1. We, the G20 Finance Ministers and Central Bank Governors, met today to address ongoing economic and financial challenges and to agree on a way forward to fulfill the mandates given to us by our Leaders.

2. The global recovery is strengthening but is still uneven and downside risks remain. While most advanced economies are seeing modest growth and persisting high unemployment, emerging economies are experiencing more robust growth, some with signs of overheating. We reaffirm our willingness to ensure a consistent and coordinated response to the challenges we face, address the root causes of the crisis and restore global economic growth on a sounder basis.

3. We reaffirm our commitment to coordinated policy action by all G20 members to achieve strong, sustainable and balanced growth. Our main priority actions include implementing medium term fiscal consolidation plans differentiated according to national circumstances in line with our Toronto commitment, pursuing appropriate monetary policy, enhancing exchange rate flexibility to better reflect underlying economic fundamentals and structural reforms, to sustain global demand, increase potential growth, foster job creation and contribute to global rebalancing. We discussed progress made since the Seoul Summit and stressed the need to reduce excessive imbalances and maintain current account imbalances at sustainable levels by strengthening multilateral cooperation. We agreed on a set of indicators that will allow us to focus, through an integrated two-step process, on those persistently large imbalances which require policy actions. To complete the work required for the first step, our aim is to agree, by our next meeting in April, on indicative guidelines against which each of these indicators will be assessed, recognizing the need to take into account national or regional circumstances, including large commodity producers. While not targets, these indicative guidelines will be used to assess the following indicators: (i) public debt and fiscal deficits;

and private savings rate and private debt (ii) and the external imbalance composed of the trade balance and net investment income flows and transfers, taking due consideration of exchange rate, fiscal, monetary and other policies. We also adopted a timetable for developing the 2011 action plan that will implement our Framework for Strong, Sustainable and Balanced Growth and monitor the commitments already made. As agreed in Seoul, we call on the IMF to provide an assessment as part of the Mutual Assessment Process on progress towards external sustainability and consistency of policies at our October meeting. At that time, we will also review a report on the MAP including an action plan informed by the analysis on the root causes of persistently large imbalances based on the agreed guidelines. We will also review an assessment of progress made in meeting commitments made in Seoul.

4. The international monetary system (IMS) has proven resilient, but vulnerabilities remain, which raise the need to improve it in order to ensure systemic stability, promote orderly adjustment, and avoid disruptive fluctuations in capital flows, disorderly movements in exchange rates – including advanced economies with reserve currencies being vigilant against excess volatility – and persistent misalignment of exchange rates. Today we agreed on a work program aimed at strengthening the functioning of the IMS, including through coherent approaches and measures to deal with potentially destabilizing capital flows, among which macro-prudential measures, mindful of possible drawbacks; and management of global liquidity to strengthen our capacity to prevent and deal with shocks, including issues such as Financial Safety Nets and the role of the SDR.

potencijalne ekscesne volatilnosti cena i zatražili od naših zamenika da rade sa međunarodnim organizacijama i izveste nas o osnovnim pokretačima i izazovima koje ti trendovi predstavljaju za potrošače i proizvođače, kao i da razmotre moguće akcije. Imajući u vidu uticaj ove volatilnosti na sigurnost hrane, ponovili smo potrebu za dugoročnim investiranjem u poljoprivrednom sektoru u zemljama u razvoju. Pozdravili smo preliminarne izveštaj IEF, IEA i OPEC-a na unapređenju kvaliteta, blagovremenosti i pouzdanosti Zajedničke inicijative za organizaciju podataka o nafti (JODI oil) i pozvali da dalji rad na strategijama za primenu tih preporuka bude detaljan u njihovom finalnom izveštaju. Na osnovu simpozijuma u Rijadu, održanom 24. januara 2011. godine, ohrabrujemo IEF da pruži konkretne strategije za unapređenje dijaloga između proizvođača i potrošača na svom narednom sastanku 22. februara 2011. godine. Na osnovu zahteva naših lidera, pozivamo MMF i IEF, kao i IEA, GECF i OPEC da do oktobra 2011. godine razviju konkretne preporuke da se produži rad G20 na volatilnosti cena gasa i uglja. Pozdravljamo diskusiju na našem narednom sastanku o izveštaju IEF, IEA, OPEC i IOSCO o agencijama za izveštavanje o cenama, kao i o preliminarom izveštaju o sigurnosti hrane koji sada pripremaju relevantne međunarodne organizacije, zatim preporuke IOSCO-a, kao i razmatranje FSB-a o narednim koracima na regulativi i superviziji tržišta robnih derivata sa ciljem jačanja transparentnosti i rešavanja tržišnih zloupotreba.

6. Obavezujemo se da sprovodimo reformu finansijskog sektora. Uprkos dobrom napretku,

značajan rad je pred nama. Primenićemo u potpunosti nove standarde Bazela III za banke po dogovorenoj dinamici, pri čemu se uzimaju u obzir dogovoreni periodi posmatranja i klauzule o reviziji u pogledu standarda za likvidnost. Isto tako, primenićemo na međunarodno konzistentan i nediskriminatoran način preporuke FSB-a o OTC derivatima i o smanjenju oslanjanja na rejtinge agencija za kreditni rejting. Pozdravljamo završetak do sledećeg samita lidera sledećih trekućih aktivnosti o sistemski važnim finansijskim institucijama kako je predviđeno u programu rada FSB za 2011. godinu: FSB i nacionalne vlasti na osnovu indikativnih kriterijuma utvrđuju globalne sistemski značajne finansijske institucije, obuhvatan višedelni okvir sa intenzivnijim supervizorskim nadzorom; efektivan kapacitet za reorganizaciju uključujući prekogranični kontekst; mere za višu apsorpciju gubitaka kroz repertoar održivih alternativa koje mogu da uključe, zavisno od nacionalnih okolnosti, kapitalna dodatna terećenja, kapital za vanredne okolnosti i instrumente za interni iskup; kao i druge dopunske zahteve kako ih odrede nacionalne vlasti uključujući sistemske namete. Kada bude dogovoren okvir inicijalno primenljiv na G-SIFI, ubrzano ćemo pristupiti pokrivanju svih SIFI. Pozdravljamo dva izveštaja koja će finalizovati BIS, MMF i FSB o makroprudencijalnim okvirima i FSB, IMF i Svetska banka sa inputom nacionalnih vlasti o pitanjima finansijske stabilnosti na novim tržištima i ekonomijama u razvoju do našeg sastanka u oktobru. Pozdravljamo preporuke koje će FSB pripremiti do sredine 2011. godine o regulativi i nadzoru bankarskog sistema u senci, da bi se efikasno rešavali rizici, naročito arbitraža, povezani sa bankarstvom u senci i njegovim interakcijama sa regulisanim bankarskim sistemom. Pozivamo IOSCO da do sredine 2011. godine razvije preporuke za unapređenje integriteta i efikasnosti tržišta naročito ublažavanja rizika koje stvara najnoviji tehnološki razvoj. Pozivamo FSB da na našem narednom sastanku iznese obuhvatnije predloge

This will also require discussions on exchange rates issues and on the strengthening of IMF surveillance. We look forward to discussing at our next meeting in April a report from the IMF on the strengthening of the IMS and reports by the World Bank and the RDBs building on experiences, on actions to strengthen local capital markets and domestic currency borrowing in emerging and developing economies. In addition, we will benefit from the work of OECD on capital flows, and from the contributions of other relevant international organizations, such as UNCTAD.

5. We discussed concerns about consequences of potential excessive commodity price volatility and asked our deputies to work with international organizations and to report back to us on the underlying drivers and the challenges posed by these trends for both consumers and producers and consider possible actions. Keeping in mind the impact of this volatility on food security, we reiterated the need for long-term investment in the agricultural sector in developing countries. We welcomed the interim report by the IEF, IEA and OPEC to improve the quality, timeliness and reliability of the Joint Organization Data Initiative Oil (JODI oil) and call for further work on strategies to implement these recommendations to be detailed in their final report. Building on the Riyadh symposium held on January 24th, we encourage the IEF to provide concrete strategies to improve the producer-consumer dialogue at its next meeting on February 22nd 2011. Following our Leaders' request, we call on the IMF and IEF, as well as IEA, GECF and OPEC, to develop by October 2011 concrete recommendations to extend the G20's work on oil price volatility to gas and coal. We look forward to discussing at our next meeting the report of IEF, IEA, OPEC and IOSCO on price reporting agencies as well as the interim report on food security currently being undertaken by the relevant international organizations, and IOSCO's recommendations, and the FSB's consideration of next steps, on regulation and supervision of commodity derivatives markets notably to strengthen transparency and address market abuses.

6. We commit to pursuing the reform of the financial sector. Despite good progress, significant work remains. We will implement

fully the Basel III new standards for banks within the agreed timelines while taking due account of the agreed observation periods and review clauses in respect of the liquidity standards. Likewise, we will implement in an internationally consistent and non-discriminatory way the FSB's recommendations on OTC derivatives and on reducing reliance on credit rating agencies' ratings. We look forward to the completion by the next Leaders' Summit of the following ongoing work on systemically important financial institutions as scheduled in the FSB work program for 2011: determination of Global-systemically important financial institutions by FSB and national authorities based on indicative criteria, a comprehensive multi-pronged framework with more intensive supervisory oversight; effective resolution capacity including in a cross-border context; higher loss absorbency measures through a menu of viable alternatives that may include, depending on national circumstances, capital surcharges, contingent capital and bail-in instruments ; and other supplementary requirements as determined by the national authorities including systemic levies. Once the framework initially applicable to G-SIFIs is agreed, we will move expeditiously to cover all SIFIs. We look forward to the 2 reports to be finalized by the BIS, IMF and FSB on macro-prudential frameworks and by the FSB, IMF and World Bank with input of national authorities on financial stability issues in emerging market and developing economies by our October meeting. We look forward to the recommendations that the FSB will prepare by mid-2011 on regulation and oversight of the shadow banking system to efficiently address the risks, notably of arbitrage, associated with shadow banking and its interactions with the regulated banking system. We call on IOSCO to develop by mid-2011 recommendations to promote markets' integrity and efficiency notably to mitigate the risks created by the latest technological developments. We also call on the FSB to bring forward for our next meeting comprehensive proposals to strengthen its governance, resources and outreach. We urge all jurisdictions to fully implement the FSB principles and standards on sounder compensation practices agreed by the G20 Leaders in Pittsburgh and call

za jačanje njegovog upravljanja, resursa i domaćaja. Urgiramo sve jurisdikcije da u potpunosti primene principe FSB-a i standarde za solidniju praksu kompenzacija koju su dogovorili lideri G20 u Pitsburgu, pozivamo FSB da preduzme trajno monitorisanje u ovoj oblasti i pozdravljamo što ćemo primiti rezultate drugog temeljnog ekspertskog pregleda, polovinom godine, za identifikovanje preostalih praznina. Pozivamo OECD, FSB i druge relevantne međunarodne organizacije da razviju zajedničke principe o zaštiti potrošača u oblasti finansijskih usluga do našeg sastanka u oktobru. Ponovo potvrđujemo svoju obavezu za efektivniji nadzor i superviziju, uključujući redovno stres testiranje banaka na osnovu principa Bazelskog komiteta.

7. Ponavljamo svoj poziv za unapređenje pridržavanja međunarodnih standarda i jačanje procesa identifikovanja nekooperativnih jurisdikcija. Pozdravljamo ažuriranje javne liste FATF jurisdikcija sa strateškim nedostacima i javnu listu svih jurisdikcija koje proceni FSB pre narednog samita Lidera G20. Pozdravljamo 18 ekspertskih pregleda koje je objavio Globalni forum za transparentnost i razmenu informacija i urgiramo sve jurisdikcije za koje je do sada utvrđeno da nemaju elemente za postizanje efektivne razmene informacija da promptno reše nedostatke. Očekujemo izveštaj o progresu, do novembra 2011. godine, na osnovu očekivanog završetka oko 60 pregleda prve faze, na rešavanju naročito kvaliteta kooperacije jurisdikcija sa Forumom, o nivou pridržavanja i o nerešenim nedostacima. Pozivamo da više jurisdikcija pristupi Globalnom forumu i da se obavežu na primenu standarda. Urgiramo sve jurisdikcije da dalje prošire svoje mreže Sporazuma o razmeni informacija o porezima i ohrabrujemo jurisdikcije da razmotre potpisivanje Multilateralne konvencije o uzajamnoj administrativnoj asistenciji na poreskim pitanjima.

8. Diskutovali smo put primene Seulskog razvojnog konsenzusa za zajednički rast i njegov Višegodišnji akcioni plan. Naročito pozdravljamo početak Globalnog partnerstva za finansijsku inkluziju od prošlog decembra. Pozdravljamo i imenovanje članova Panela visokog nivoa za investicije u infrastrukturu i očekujemo njihove preporuke do septembra.

Diskutovali smo izveštaj Visoke grupe savetnika UN za finansiranje u vezi sa klimatskim promenama. Pozdravljamo pozitivne ishode Kankunske konferencije o klimi a naročito odluku da se osnuje Klimatski zeleni fond i vodićemo diskusije o mobilisanju izvora finansiranja, uključujući javne i privatne, bilateralne i multilateralne, kao i inovativne izvore, konzistentno sa ciljem, odredbama i principima Okvirne konvencije UN o klimatskim promenama (UNFCCC).

9. Ponovo potvrđujemo naše opredeljenje za slobodnu trgovinu i investicije uvažavajući njen centralni značaj za globalni oporavak. Uzdržavaćemo se od uvođenja i protiviti protekcionističkim akcijama u trgovini svih oblika, i uvažavaćemo značaj promptnog zaključenja Doha pregovora.

10. Spremni smo da podržimo Egipat i Tunis blagovremenim odgovorima, dobro koordinisanim sa međunarodnim institucijama i regionalnim razvojnim bankama, koji će pratiti reforme preduzete na korist celokupne populacije i stabilizacije njihovih ekonomija.

on the FSB to undertake ongoing monitoring in this area and look forward to receiving the results of a second thorough FSB peer review midyear to identify remaining gaps. We call on the OECD, the FSB and other relevant international organizations to develop common principles on consumer protection in the field of financial services by our October meeting. We reaffirm our commitment to more effective oversight and supervision, including regular stress testing of banks building on the Basel committee's principles.

7. We reiterated our call to improve compliance with international standards and strengthen the process of identifying non-cooperative jurisdictions. We look forward to the forthcoming update by FATF of the public list of jurisdictions with strategic deficiencies and to a public list of all jurisdictions evaluated by the FSB ahead of the next G20 Leaders Summit. We welcome the 18 peer reviews issued by the Global Forum on Transparency and Exchange of Information and urge all jurisdictions so far identified as not having

the elements in place to achieve an effective exchange of information to promptly address the weaknesses. We look forward to the progress report by November 2011, based on the expected completion of around 60 phase 1 reviews, to address in particular the jurisdictions' quality of cooperation with the Forum, level of compliance and unsolved deficiencies. We call upon more jurisdictions to join the Global Forum and to commit to implementing the standards. We urge all jurisdictions to extend further their networks of Tax Information Exchange Agreements and encourage jurisdictions to consider signing the Multilateral Convention on Mutual Administrative Assistance in Tax Matters.

8. We discussed the way forward on implementing the Seoul Development Consensus on Shared Growth and its Multi-Year Action Plan. In particular we welcome the launch of the Global Partnership for Financial Inclusion last December. We also welcome the appointment of the members of the High Level Panel for Infrastructure Investment, and look forward to their recommendations by September. We discussed the report made by the UN High-Level Advisory Group on Climate Change Financing. We welcome the positive outcomes of the Cancun Climate Conference, and in particular the decision to establish a Green Climate Fund, and will pursue discussions on mobilizing sources of financing, including public and private, bilateral and multilateral, as well as innovative sources, consistent with the objective, provisions and principles of the UN Framework Convention on Climate Change (UNFCCC).

9. We reaffirm our commitment to free trade and investment recognizing its central importance for the global recovery. We will refrain from introducing, and oppose protectionist trade actions in all forms and recognize the importance of a prompt conclusion of the Doha negotiations.

10. We stand ready to support Egypt and Tunisia, with responses at the appropriate time well coordinated with the international institutions and the regional development banks to accompany reforms designed to the benefit of the whole population and the stabilization of their economies.
