Instructions for Authors

Papers should be submitted exclusively as electronic documents to the following e-mail address: bankarstvo@ubs-asb.com.

Papers submitted to Bankarstvo journal must be original and previously unpublished. The author is responsible for the information published in the text.

Scientific papers are classified as: original scientific paper, scientific review article or expert article. Authors may also publish an article review or a review of some other publication (monograph, book, etc.) that is relevant to the thematic framework of this journal.

The Editorial Board reserves the right to return to the author a text that does not meet the given criteria as unfit for publishing, or to request changes or additions. In other words, no paper will be submitted for review unless all the rules set out in these Instructions are followed.

Papers by domestic authors, including authors from Bosnia and Herzegovina, Montenegro and Croatia, are accepted in Serbian and English. If one of the above languages is missing, the paper will be returned to the author. Foreign authors submit papers in English.

When submitting a paper, it is mandatory to also submit a filled-in form "Author's Personal Data", which can be found on our website: https://www.casopisbankarstvo.rs/en/instructions-for-authors-and-reviewers. This form includes the author's personal consent for authorship or co-authorship in the manuscript and accepts responsibility for the submitted manuscript. If the paper has more than one author (co-authorship), it is necessary for all members of the authoring team to provide this consent in writing. Each of the authors can, in their own interest, within the same form, submit their ORCID, bearing in mind that it is possible for the papers published in SCIndex to be automatically corresponded to the authors' ORCID accounts, as well as to their pages in e-Nauka.

No personal information about the author(s) should be included in the text of the article, as papers are sent for anonymous review.

The first page of the paper should include: the title of the paper, a summary, and keywords. Moreover, a proposal for the JEL classification (classification of the Journal of Economic Literature) should be included in the paper.

The plagiarism testing procedure will be carried out following positive reviews of the paper.

Papers will be rejected if plagiarism, self-plagiarism or false authorship is identified.

Please prepare your paper by adhering to the following technical instructions, which apply equally to the text in both Serbian and English:

- The document should be in A4 format, all margins 20 mm.
- Minimum length of 10 pages, including charts, tables, literature and other appendices. If the volume of the paper exceeds the given propositions, it is up to the editorial board to decide whether to publish it or not.
- Font and font size for the entire paper: Times New Roman only, Latin script, 10 pt, single line spacing.
- The title of the paper should be short and clear.
- After the title of the paper, write a summary/abstract of up to 150 words.
- After the summary, provide up to 10 keywords, suitable for indexing and searching.
- In addition to the main title, use up to two levels of headings in the text, without numbering.
- The beginning of the paragraph should be typed from the beginning of the column (without the indent).
- If the text is accompanied by diagrams or charts, mark their intended position in the paper, and create them in either Word, Excel, or PowerPoint.
- If the paper contains photographs, mark their intended position in the paper and attach each as a separate file in .eps or .tiff format, resolution 300 dpi.
- The width of the table must not exceed the margins, and the length must not exceed one page, and all tables must have a title and a source.
- In text and tables, do not use text boxes.
- Web addresses should be typed as text, not as a hyperlink.
- Take care to correct all grammatical and typographical errors.
- The names of institutions, when first introduced, should be given in translation, with the original name and abbreviation in parentheses.
- The use of footnotes is not envisioned (references should be provided in the text and must be cited in the literature).

- If the manuscript was prepared using tools based on artificial intelligence (e.g. ChatGPT), it is necessary for the author(s) to describe in the paper itself how and where they used such tools (e.g. to improve the quality of text in English, which is allowed).
- An optional acknowledgment should come after the conclusion and before the references. If the paper was created as a result of the author's engagement in a project, the author's acknowledgment should include the name and number of the project within which the research/subject of the work was conducted.
- References should be given in the text by stating the author's surname and the year of publication in parentheses. Any cited text should be followed by indicating the author's surname, the year of publication and the page number of the quote in parentheses.
- The authors are provisionally referred to reference papers published in Bankarstvo Journal, which would support coherence and continuity for the readers of the Journal.

If there are two authors, both should be named, with the year of publication, and if there are three or more authors, only the first one should be listed (surname of the first author + and associates with the year of publication). Each reference must also be cited in the literature.

- The literature should be grouped at the end of the paper according to the following principle:

  - Books: Klasens R. (2006). Prevention of money laundering. Belgrade: Association of Serbian Banks

  - Journals: Pantelić S. (2013). Flavius Valerius Constantine (306-337). Bankarstvo 42 (4), 136-145. (when quoting from electronic versions of the journal at the end add: the doi number of the cited article, if any, the appropriate internet link and date of access)

  - Other sources - websites (internet address and date of access), dissertations (surname, first name, title, institution where the doctoral dissertation was defended, year), official publications (name of publication/organisation/institution, title, place of publication, publisher, number, year).

The financial aspect: Authors of scientific and professional articles receive a corresponding fee in accordance with the applicable Tariff Policy, after the publication of the paper.

Notice to Authors on the Paper Review Procedure

Review Process

Bankarstvo Journal applies the principle of two-sided anonymous review (the identity of the reviewers is unknown to the authors, while the identity of the authors is unknown to the reviewers).

Peer Review Process

Papers are reviewed by two professional, independent reviewers. Reviewers receive papers without the author's personal information. After the review, they fill out the Paper Quality Form for Bankarstvo Journal, which also contains information about the reviewer (which can be found on our website: https://www.casopisbankarstvo.rs/en/instructions-for-authors-and-reviewers) and submit it to the Editorial Board within 15 days.

In the section relating to comments and recommendations, it is the responsibility of the reviewers to explain the grades given and recommend whether the paper is to be published, corrected or rejected. Papers will be accepted for publication or sent for correction only if both reviews are positive.

In exceptional cases, the final decision on whether or not to publish a paper is made by the editor.
